

## NEWSLETTER 2022

Dear Members,

I am not sure which was worse this year or last. 2020 was a complete wash out but at least we got in two meetings in 2021, both to universities. The first half of the year was again blank. Our first meeting was to the University of Suffolk on 1st September. An excellent talk by the Vice Chancellor Helen Langton and then a tour of The Hold, the new home for the Suffolk Library in Ipswich. Our second meeting was to Pembroke College, hosted by the past Master, Sir Roger Tomkys. He spoke about the changes from his undergraduate days at Oxford to being Master at Cambridge. He also gave us some very insightful views on Syria where he had been the British Ambassador.

We have five meetings arranged for 2022. God, Covid and Boris willing!!

The meetings are all up on the website for fine details. They are
